

C20 Power Bank

Robust Power for 3-Device Charging

C20 Power Bank

The C20 power bank features a sizable 20,000mAh capacity and utilizes high-efficiency lithium polymer batteries, allowing three devices to charge simultaneously while supporting pass-through charging. The built-in LED charging indicator reminds you when battery power is low with a flashing warning. The C20 also includes multiple circuit protection mechanisms, providing round-the-clock charging with peace of mind!

Minimalist Aesthetic

Sporting a simplified exterior and streamlined shape, the C20's minimalist style easily matches various devices and occasions.

Charge Three at Once

The C20 features two USB-A ports and one USB-C port with an output current of up to 5V/2.1A, allowing you to charge three devices simultaneously.

Built-in LED Indicator

Four LED indicators show power status at a glance to easily track charging progress.

Multi-Circuit Protection

The C20 sports intelligent internal circuitry that protects against over-charge, over-discharge, over-temperature, short-circuiting, over-voltage, and over-current, giving you complete peace of mind.
